REMARKS

25X1X6

Three administrative or quartering buildings of the BRANDENBURG-BRIEST (N 53/13) airfield were repaired. The Rosenhof estate on the edge of the field was being improved for billeting purposes. A fuel dump with semiunderground tanks had been established.

25X1A6a

Comment:

The information on the completed recconditioning work on buildings confirms a report of 13 September 1949. The airfield has so far not been occupied by an air unit.

This document is hereby regraded to CONFIDENTIAL in accordance with the letter of 16 October 1978 from the Director of Central Intelligence to the Archivist of the United States.
